

Pratteln, 3.3.2025

Archroma Management GmbH herewith confirms the status of selected product list regarding:
Rongalit C gr 0025

Scope Name

SVHC (Substances of Very High Concern)

Status: Does not contain any SVHC included in the REACH “candidate list” equal or above 0.1% (w/w)

SVHC updated list on: 21/01/2025

Scope Name

KKDIK (Turkish REACH)

Status: KKDIK compliant if imported and sold in Turkey by Archroma Turkey

Scope Name

OEKO-TEX STANDARD 100, Edition 03.2024

Assessment: Recommended with limitations

Limitations: The compliance of the finished textile with the OEKO-TEX STANDARD 100 depends on the individual textile processing parameters (applied concentration, fiber type, process type e.g). The user is requested to calculate and/or order appropriate analytical testing for verification: **9.4** - Formaldehyde testing recommended. Archroma does not have the control over the process conditions and actual levels of formaldehyde have to be tested on the respective substrate.

Any additional comment or restriction binding for each product must be checked directly at The Safe Edge.

This certificate does not absolve the user from the responsibility to assess his final product with reference to the requirements of the standard.

For further details or additional information please contact your local Archroma sales representative.

For any unlisted Archroma product, please check with your local Archroma sales representative to confirm compliance.
